

## Artisan Small Batch Micro-Roasted Coffee

All are available in Regular or Decaffeinated, Whole Bean or Ground in 10 oz. bags.

**Americana Blend** - Our signature blend and our #1 best seller! A classic American coffee with wonderful aroma; rich, sweet & full bodied!

**Black & Gold Champion Blend** - Our light roasted Colombian mixed with our dark roast espresso giving you a full spectrum of flavor. You get the best of both worlds here: a nice robust dark roast coffee taste softened and sweetened a bit by the lighter roast to eliminate the bite!

**French Roast Colombian** - Our 2nd darkest roast is delightfully aromatic, well-balanced, and roasted to perfection for a rich, robust taste.

**French Vanilla** - Our #2 selling flavor! Pure, sweet, smooth, and delicate. A creamy, dreamy delight in a cup!

**Hazelnut** - Our #1 best selling flavor! Nutty, buttery, and very aromatic!

*Sustainable farming practices are used in the cultivation of this coffee. Please note that all of our decaffeinated coffees are water processed coffees meaning no chemicals are used in the process. We use our Direct Trade Organic Honduras as the base for our flavored coffees.*

## Teas

**10 Tea Variety Pack** - An assortment pack that packs a flavorful punch! 10 Individual foil wrapped tea bags and a Tea Bag Holder. Pack includes; black tea, flavored black tea, green tea, and herbal naturally decaffeinated tea.

A perfect tea lover bundle!

## Gift Cards

Not sure which product is best for you? A Hallowed Grounds gift card gives you freedom of choice to spend or use as you see fit. Gift it to a friend or use it for yourself. The choice is yours.

## Your Price

This is the price that you subtract from your total sale from each item to calculate the funds you raised. The difference is yours.

10 oz. Coffees:	\$7.00
10 Tea Variety Pack:	\$7.00
3 Compartment Party Tray:	\$11.00
Parfait Mix Cone:	\$9.00
Nut Butter Set:	\$11.00
Hallowed Grounds Gift Card:	\$20.00

Product pricing adjustments and availability may be subject to change due to market fluctuations and supply chain limitations.
